The benefits paid for hospital treatment will depend on the type of cover you purchase and whether your fund has an agreement in place with the hospital in which you are treated. See 'Agreement Hospitals' on [privatehealth.gov.au](http://privatehealth.gov.au) for which hospitals have arrangements with your insurer – <https://privatehealth.gov.au/dynamic/agreementhospitals>.

Under this policy, you may have to pay out-of-pocket costs above what you get from Medicare or your private health insurer. Before you go to hospital, you should ask your doctors, hospital and health insurer about any out-of-pocket costs that may apply to you.

**The following payments may also apply for hospital admissions**

**Excess:** You will have to pay an excess on admission. This is limited to a maximum of \$250 per person per year.

Excess payments do not apply to hospital admissions for dependants.

**Co-payments:** No co-payments

**The following waiting periods for hospital admissions apply to new or upgrading members**

**Waiting periods:**

- 2 months for palliative care, rehabilitation and hospital psychiatric treatments, even if pre-existing
- 12 months for other pre-existing conditions
- 2 months for all other treatments

**Gap Cover**

This provider offers 'known gap' or 'no gap' cover for medical bills for this product. The Medical Costs Finder (<https://www.health.gov.au/resources/apps-and-tools/medical-costs-finder>) lets you find out more about the cost of specialist medical services.

**Other features of this hospital cover**

Value-added services: home care after hospital, chronic disease management programs, hospital substitute programs (conditions apply). An excess is applied once per adult per calendar year. The hospital excess is waived for dependants. Reducing your excess is considered to be upgrading your membership. We will charge your previous excess within the first two months of the upgrade, including for adults who are upgrading their level of cover by joining/re-joining as a dependant on a family membership.
